

## Sara Peden Consulting – Reading/Math Assessment, Intervention and Programming

### Service rates and packages

<i><b>Rates and hours</b></i>	<i><b>Ass't Only</b></i>	<i><b>Int'vn Only</b></i>	<i><b>Ass't &amp; Int'vn Separately</b></i>	<i><b>Ass't &amp; Int'vn Package</b></i>	<i><b>Ass't Int'vn + Prgm Package</b></i>
<i><b>Assessment or program development rate</b></i>	\$250		\$250	\$250	\$250
<i><b>Assessment or program development hours</b></i>	10		10	8	12
<i><b>Intervention rate</b></i>		\$125	\$125	\$125	\$125
<i><b>Intervention sessions</b></i>		12	12	12	12
<i><b>Assessment total</b></i>	\$2,500	\$0	\$2,500	\$2,000	\$3,000
<i><b>Intervention Total</b></i>	\$0	\$1,500	\$1,500	\$1,500	\$1,500
<i><b>Total</b></i>	\$2,500	\$1,500	\$4,000	\$3,500	\$4,500

If you know that you require only a single service (assessment or intervention) costs are shown in the first column (for assessment) or second column (12 intervention sessions).

If you are not sure that you will require a comprehensive assessment, you may select intervention only. Then, if within two weeks of the end of intervention you choose to add the assessment, you will save \$500 (compared with arranging for the two services at separate times).

If you will require provision of a program for a parent, tutor, teacher, or education assistant to implement after the intervention and assessment have been provided, then all services can be packaged together (assessment, 12 intervention sessions and program for further implementation) for a total cost of \$4,500.

A program will include 2 to 4 annual goals with short term objectives, strategies and accommodations, a sample tutoring session plan (1 hour) and/or homework session plan(s) (30 minutes), as well as lists of required and suggested materials/resources.
